**About Altea Green Power:**

Altea Green Power is a company engaged in the development and construction of environmentally-friendly power generation plants and as a "service integrator", addressing its expertise to individuals, businesses, entities and investors who seek all-round assistance during all the stages of construction and management for a broad range of plant types, especially in the areas of photovoltaics, wind, and BESS Storage, contributing to the reduction of pollution.

Established in 2008 by Giovanni Di Pascale as Altea Energia, in October 2021 it changed its name to Altea Green Power. Today, the Company boasts turnkey solutions for numerous photovoltaic and wind plants across Italy. Its current core business is co-development in wind, photovoltaics and Storage. To date it has contracted over 1.5 GW of photovoltaic and wind projects and approximately 0.5 GW of BESS Storage projects. Its clients are some of the world's top players.

Since February 1, 2022, it has been listed on the Euronext Growth Milan market of Borsa Italiana.
