

**EXCELLENT FEEDBACK FROM INVESTORS MET BY ALTEA GREEN POWER IN
FRANKFURT
THE BUSINESS MODEL, CASH GENERATION, AND GROWTH STRATEGY WERE
PARTICULARLY APPRECIATED**

Rivoli (Turin), February 5th, 2025 - **Altea Green Power (AGP.MI, hereinafter "AGP" or "the Company")**, a company engaged in the development and construction of "green energy" plants, listed on the Euronext Milan – STAR Segment, organized and managed by Borsa Italiana S.p.A. ("**Borsa Italiana**"), met with a large audience of German and international investors during the "Italian Day in Frankfurt" event, organized by Polytems Hir in collaboration with Alantra Capital Markets, held on January 23 in Frankfurt. The investors showed particular interest in the Company's management and in delving deeper into specific topics related to the evolution of the business.

The Frankfurt event represented an important opportunity to present the objectives of the 2024–2028 Business Plan to the German financial community, as well as all the latest corporate developments. These include the recent rapid authorizations received from MASE for BESS projects in Piedmont and Basilicata, with capacities of 250 MW and 200 MW respectively, and the announcement of the Company's participation in "KEY – The Energy Transition Expo" (March 5–7, 2025), the leading European event in the energy sector.

The investors met expressed excellent feedback towards Altea Green Power, highlighting the strength of its business model, the strong cash generation, and significant order backlog, key aspects that reflect strategic solidity, growth potential, and a clear vision.

Giovanni Di Pascale, CEO of Altea Green Power, commented: *"We are pleased with the meetings held in Frankfurt last January. International investors showed great interest in learning more about our story, our business development strategies, and our perspective on the sector's evolution. Participating in such high-profile events, both nationally and internationally, allows us to showcase Altea Green Power in major financial hubs like Milan, Frankfurt, and Paris, highlighting our vision and the quality of our business model. Today, we are confident in continuing the development path we have undertaken to achieve all the ambitious goals set in our industrial plan. We aim to carry this momentum into 2025 to further drive Altea Green Power's growth".*

About Altea Green Power

Altea Green Power is a company listed on the Italian Stock Exchange - STAR segment -, founded in 2008 in Rivoli with the aim of supplying and managing renewable energy plants - photovoltaic, wind, storage - capable of guaranteeing maximum efficiency and guarantee of operation, in full respect of the environment. Altea Green Power is also an Independent Power Producer (IPP) from exclusively renewable

sources and a supplier of EPC (Engineering, Procurement and Construction) services, offering itself as the sole interlocutor for the construction and start-up of renewable plants. In a market that places energy transition at the centre and in which medium and large-sized companies are increasingly protagonists, Altea Green Power wants to be a reference partner in the field of energy efficiency, supporting its customers in identifying the best solutions to reduce energy consumption and the consequent impacts on the global climate.
